# 1. Introduction

---

Welcome to the AquaBottle Pro user manual! We're thrilled that you've chosen our hydration system to keep you refreshed on all your adventures. This manual is here to help you get the most out of your AquaBottle Pro, so you can stay hydrated and happy every day.

## 1.1 About AquaBottle Pro

The AquaBottle Pro is a top-of-the-line water bottle designed to make staying hydrated easy and convenient. Whether you're hiking, biking, or simply out and about, the AquaBottle Pro is the perfect companion. With its durable construction, insulated design, and a perfect fit for most backpack pockets, it's the ideal hydration solution for any adventure.

## 1.2 What's Included

When you unbox your AquaBottle Pro, you'll find the following items included:

- AquaBottle Pro water bottle
- User manual

That's all you need to start enjoying the benefits of the AquaBottle Pro right away.

## 1.3 Getting Started

To start using your AquaBottle Pro, simply fill it with water, pop it into your backpack pocket, and you're good to go! The AquaBottle Pro is designed for easy, hassle-free hydration, so you can focus on enjoying your day without worrying about staying quenched.

## 2. Getting Started

---

Congratulations on purchasing the AquaBottle Pro by AquaNest! Get ready to stay hydrated on all your adventures with this easy-to-use water bottle.

### Unboxing

When you unbox your AquaBottle Pro, you will find the following items:

- AquaBottle Pro water bottle
- User manual

### Inspecting Your AquaBottle Pro

Before using your AquaBottle Pro, take a moment to inspect it for any damage or defects. Ensure that the lid and straw are securely attached and that there are no dents or scratches on the bottle.

### Cleaning Your AquaBottle Pro

To ensure the best performance, it is important to clean your AquaBottle Pro before the first use. Simply disassemble the lid and straw, wash all components with mild soap and water, and let them air dry completely.

### Filling Your AquaBottle Pro

To fill your AquaBottle Pro, unscrew the lid and pour your desired beverage into the bottle. Make sure to securely screw the lid back on to prevent any leaks.

Remember to stay hydrated and enjoy using your AquaBottle Pro by AquaNest!

### 3. Using the AquaBottle Pro

---

#### Filling the Bottle

To use your AquaBottle Pro, start by unscrewing the **leak-proof** cap located at the top of the bottle. Then, carefully pour in your desired beverage using a funnel if necessary. Once filled, securely screw the cap back on to prevent any leaks.

#### Drinking from the Bottle

When you're ready to quench your thirst, simply flip the **spill-proof** straw located on the lid and sip! The straw is designed to provide a steady flow of refreshment without any spills or mess.

#### Cleaning and Maintenance

After you've enjoyed your drink, make sure to clean your AquaBottle Pro regularly to keep it in top condition. This bottle is dishwasher safe, or you can wash it by hand with warm, soapy water to ensure thorough cleaning and maintenance.

#### Storing the Bottle

When not in use, make sure to store your AquaBottle Pro in a cool, dry place. It's designed to fit most backpack pockets, making it easy to take with you on all your adventures.

## 4. Cleaning and Maintenance

---

At AquaNest, we want to make sure that your AquaBottle Pro stays in top-notch condition. Follow these simple steps to keep your water bottle clean and ready for your next adventure.

### 4.1: Cleaning

To clean your AquaBottle Pro, follow these easy instructions:

1. Unscrew the top lid and remove the drinking spout.
2. Wash the lid, spout, and bottle with warm, soapy water.
3. Rinse thoroughly with clean water.
4. Let all parts air dry completely before reassembling.

### 4.2: Dishwasher Safe

For your convenience, all parts of the AquaBottle Pro are dishwasher safe. Simply place them on the top rack of your dishwasher for easy cleaning. Please note that the insulated sleeve should be hand washed and air dried.

### 4.3: Maintenance

To maintain the durability and performance of your AquaBottle Pro, we recommend the following:

- Inspect the bottle for any signs of wear or damage regularly.
- Inspect the lid and spout for any build-up or residue.
- Make sure the silicone seal is clean and in good condition for a proper seal.

By following these simple cleaning and maintenance tips, you can ensure that your AquaBottle Pro is always ready to provide you with refreshing hydration on the go.

## 5. Troubleshooting

---

### 5.1 Bottle Leaking

If you notice your AquaBottle Pro is leaking, please check the following potential issues and solutions:

- **Cap not tightened properly:** Ensure the cap is securely tightened to prevent leaks.
- **Damaged seal:** Check the seal for any damage or wear and tear. If necessary, replace the seal with a new one from AquaNest.
- **Cracked bottle:** Inspect the bottle for any cracks or damage that may be causing leaks. If found, please contact our customer service for a replacement.

### 5.2 Difficulty in Drinking

If you are experiencing difficulty in drinking from your AquaBottle Pro, please consider the following:

- **Straw blockage:** Make sure the straw is not blocked by any debris or dirt. Clean the straw thoroughly to remove any obstructions.
- **Insulation interfering:** If the bottle is too tightly insulated, it may be affecting the flow of water. Adjust the insulation as needed.

### 5.3 Reduced Insulation Performance

If you find that the insulation of your AquaBottle Pro is not performing as expected, you can try the following:

- **Check for damage:** Inspect the insulation for any tears, rips, or damage that may be compromising its effectiveness.
- **Temperature adjustments:** Ensure that the bottle is being used within its recommended temperature range for optimal insulation performance.

### 5.4 Unusual Odors or Tastes

If your AquaBottle Pro is emitting unusual odors or tastes, please consider the following remedies:

- **Thorough cleaning:** Clean the bottle and all its components thoroughly to remove any lingering odors or tastes.

- **Replace filter:** If your bottle includes a filter, consider replacing it with a new one from AquaNest to eliminate any unwanted odors or tastes.

## 6. Warranty Information

---

Thank you for choosing AquaBottle Pro! We're confident that you'll love our product, but just in case, we offer a limited warranty to ensure your peace of mind. Here are the details:

### 6.1 Warranty Coverage

The AquaBottle Pro is covered by a 1-year limited warranty from the date of purchase. This warranty covers manufacturing defects and workmanship issues. It does not cover normal wear and tear, accidental damage, or misuse of the product.

### 6.2 Making a Warranty Claim

If you believe your AquaBottle Pro is experiencing issues covered by the warranty, please contact our customer service team at [support@aquanest.com](mailto:support@aquanest.com). Provide your proof of purchase and a detailed description of the issue, and we will be happy to assist you.

### 6.3 Exclusions

The warranty does not cover damage caused by improper use, neglect, or unauthorized repair or modification. It also does not cover accessories or components that are not part of the original AquaBottle Pro product.

### 6.4 Limitation of Liability

AquaNest's liability under this warranty is limited to the repair or replacement of the defective product. We are not liable for any incidental or consequential damages.

### 6.5 Customer Support

If you have any questions about the warranty or need assistance with your AquaBottle Pro, please don't hesitate to reach out to our friendly customer support team. We're here to help!
